The college is growing to be one of the most preferred higher educational institution for girls.

The college needs to develop a bit in the extra curricular activities

It was a great journey. 

I feel proud to be a part of this College.

It was really wonderful as a overall journey, learnt a lot, met many excellent people. The college is trying to broaden their spectrum beyond studies by other extra curriculum activities for us students, which is really appreciating. However, i just have one regret of not getting a departmental farewell, i really hoped we'd get one, because my friends from all other dept. Got it too. But we got a common farewell which made my pain a little lesser. In the course of 3 long years, we didn't get to see one College week because of covid and other reasons, also we could attend the college physically for just 1 year and 6 months so i miss being a student at

Women's College, Tinsukia for more time. But i really love the ambience our college provides, many friends and teachers have become very dear to me because of our college and I'll remember that forever.
