Your overall comments and suggestions for all round development of the college

143 responses

Yes

Good

No

Nothing

Excellent

Toilets must be clean.

Performance is really vry good

Reguarly classes are being .

Toilet should be properly hygienic and there should be sports facility

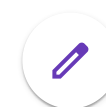

The teachers are doing well

It's an good institute.

Good college

Keep it up

Very good collage

Good performance

I am satisfied with the college atmosphere and discipline

It is good

Need to discuss

Women's College,Tinsukia is the best college for girls.

1. Make sure that the guide you send in excursions should belong from college(teachers) & not outsider.

All over academic performance is really good.

To improve the teaching level

Need to organise more guardian meetings from time to time

I am quite happy with the development of the college but in this pandemic situation online classes and in semester assignments are not going well as expected. It is known to us that smooth classes are not possible due to various unavoidable reasons but to some extent it is possible to stay connected with students and periodically give small assignments or home works to engage them with their study.

During the pandemic period I saw that the college was organising some curriculum activities which was nice. But I think you should also give some more importance on academic activities.

...

To focus on each and every students especially the weaker students.

Overall performance of the college is very well and very good like it

It is a great Institution.

i am proud enough that i have admitted my daughter to this college overall its on the way to development i wish great success ahead

it's good that students can get their own direction from their teachers and can easily understand them.

Nil

Appreciable

The infrastructure should be developed

thanks

Academic part and discipline are important to be maintained for the progress of students and college too.

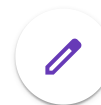

Women's college is one of the best college And I thanksdull for teaching my daughter and college rule and regulations are excellent.

Its good

All are good

Satisfied with everything

College authority must take care of the hygiene of the toilets . Library should be well mannered in arranging chairs as there are limited no. Of chairs. Proper care must be taken for the

students .

Playground required...

College should have study environment . good Parent's teacher interactions . Students should also be allowed to use freewifi and phone call incase of emergency

.....

All are best to my opinion

Monitor if all classes are being regularly conducted.

According to me i feel Womens Colege Tinsukia is one of the best college in Tinsukia, The Discipline and overall all academic performances and other co-curricular activities are perfect in Womens College Tinsukia, And I am very satisied with the decision of sending my daughter in this college.

Post Graduation courses should be started and conveyance facilities should be given.

Overall all things are gd

I'm really satisfied with the curriculum of the college and all the teachers are very cooperative.

Good

There is no doubt that Women's College is a very good institution for the females. Despite being a govt. based college, it provides high security to every students as a whole. The institution can be all round developed if the students' mind skill is developed as well. The students active participation is a must for the development of the college.

best collage in tinsukia

Development of college is Going on in Good way.

Good results and discipline

Overall the college is giving a very useful contribution towards the students growth in every field....its good to see that my daughter is a student of women's college Tinsukia

More development are needed

That's all Thank You 😊

Good college for girls

I found this college pretty good Hope it will do excellent result in future

It is OK

Okay

There must be some for improvements regarding the academic performance of the college.

Good faculty and non-teaching staff.

Best college

Best college

Educational Environment of the college is so good

Its safisfacotry

Extra curricular activities and co- curricular activities need to be widened.

Students should be imparted the knowledge and education which make them rational, socialble, modern but cultured, reasonable, more practical. And to give respect to our own culture.

Due pandemic covid-19 kindly consider or give relaxation the tuition fee along with admission fee too.

Everyone of the college they behave so nicely everytime and I personally likes the discipline of the study.

I'm really very happy that my daughter is staying in such a excellent college. I wish God bless all the WCT family members. Thank you

Over all it is very good.

No comments

Excellent, college

Their should be more facilities

Bus facility for students safety purpose...

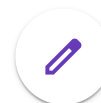

A good teaching and guidance and availability of books that are required for the students .

Good enough

Very good college

No comment

Satisfied

The institution is good and well developed

More Concentrate study's of students

I am very much satisfied with the overall performance of my daughter not only academically but also in other activities as attached by the college authority.

Satisfied with the institution.

Its Good, this college is the best college in tinsukia. Every teachers are very help ful to the students, thanks a lot every time to being good to the students.

Everything good

The college is good enough as it is.

Number of faculty in Hindi department should be increased. They are overburdened of classes, so they are unable to guide the students in other co- curricular activities and career counselling for their overall development.

The classes are taken regularly. The online classes taken were very few and not satisfactory. And internal marks awarded for some of the pass course subjects are a bit less than compared to the student's performance.

Time based classified improvement is expected.

It is okay...

Everything seems satisfactory. But sometimes my daughter complaints about not finding all the books she needs for academic purpose,it would be very helpful if the institution look into this matter.

Good but can be improved

No comments

This college is very good for students specially for girls.
If vocational education should be included then its the best area for all round development of educational curriculam.

This college is very good for girls..vocational courses of education should be included in educational curriculum for all round development of college.

Increase vocational education & teachers should be guide students
