Observations/Findings

On the basis of the above information, the observations have been noted down in brief below:

- It has been found that most of the students have successfully completed the course.
- 8 students got enrolled in higher studies and 8 joined in other courses. However, it is seen that no students from this batch got govt. job till date but the good indication is that one of them is engaged in private sector.
- The remaining students are pursuing higher studies by engaging in various courses such as M.A., B.Ed., LLB and ITI.
