Analysis of Programme Outcome  
Batch-2015-2018

No of students Enrolled	No of students appeared in Final Exam.	Drop out	No of students passed	Pass%	No of first class	%of first class	No of Students joined in PG	No of students in other courses	% of Progression	No of placement	
										Govt.	Private/Self employment
53	50	03	42	84%	34	68%	14	02	32%	04	15

It has been found that three students left study in between due to family problem and the result was not up to the mark. Number of first class was satisfactory and majority of passed out students joined either in PG or LLB/B.ED. Out of the 19 placement during this session from previous batches, 2 are working in Govt. ME School, 1 in Anganwadi, 2 in college (non sanctioned), 1 in MNC, Executive rank in Dubai, 1 in IOC Hospital, Digboi (nurse), 1 in NGO as project Enumerator (Fernando Niketan) and rest are in different private schools and in small business or earning through tuition.

Though the percentage of placement is not up to the mark but the diversity of their work in different fields indicate the outcome of the course to some extent.
