Program outcome analysis , Batch 2018-21

From the above table, it is seen that,

1. In Tinsukia District most of the High schools do not offer Sanskrit subject.
2. There is a sense apprehension among the students regarding learning classical language like Sanskrit.
3. It is observed that job opportunity is limited to academic field only. It is very tough to convince the students to take up Sanskrit as a subject. Hence students do not come forward to take up Sanskrit as a subject.
