Your overall comments and suggestions on the college:

17 responses

Satisfactory. All stakeholders need to spend more time for corporate life so that the college can perform better in every sphere.

Infrastructural facilities needs immediate attention

Proud for excellent results always but expect a good infrastructure in coming days

Co-curricular and extra curricular needs more push

I am proud of my college. Yet I will be even more happy if the college gets a separate campus in a nearby calm area away from the noisy environment of this heart of the city where we can provide a better teaching learning environment with all the modern facilities in a better manner to our students..

All are fine and good. Thank you!

Environment of the college is very students friendly and student centric which is a important factor for the college and the overall atmosphere is also very good co colleagues are very helpful and cooperation

Can be better

No such suggestions

Keep shining

Infrastructure of the college must be developed

More class rooms are needed

I love my college.

The environment of our college is very good with dedicated peoples all around and all the works are done in a very systematic order for which there is no such problem. Full fledged participation is seen in every activities organized in the college.Thank you.

Our college is so well maintained and hygienic and our faculties are very dedicated.

I am satisfied with both administrative and educational environment of our college. But I would just like to add one request that black boards of the Economics department should be replaced by the white board.

1. Healthy working environment. 2. Learner centric teaching methods are used. 3. Good

administration
